

Dear People Program Members and Friends,

The health and prosperity of our members and friends are of the highest priority. Therefore, we feel that postponing the Gala on March 22 is a wise choice. The gala will be rescheduled with a target date in the fall and we are confident that it will be better than ever. All tickets sold for the March event will be honored on this new date.

In addition to suspending our Gala we have made the decision with our member's health in mind to suspend classes on both campuses indefinitely. We ask that if you know someone that doesn't have access to e mail to contact them and share the above information.

Future communication will be via e mail, displayed on our website (www.peopleprogram.org) and through our Facebook page (search for New Orleans People Program). Specific questions can be directed to 504-284-7678 or e mail director@peopleprogram.org.

Once again, your health in mind, body and spirit is what People Program is all about.

God Bless, and remain well.
